

4-H Home Environment Record Book

University of Kentucky
College of Agriculture,
Food and Environment
Cooperative Extension Service

Name: _____ Years in Project: _____

Project Name: _____

1. Explain this project. Is it from a kit, an instructional lesson, an original design...

2. List all materials used for your project with their individual cost. If items were not purchased, state where you got them (i.e. items on hand, recycled, part of a kit, provided by 4-H day camp.)

Materials Used	Purchase Price	Where Purchased/Source

3. What was the total cost for this project? _____

4. Describe two skills you learned while completing this project.

5. What is an obstacle you ran into while completing this project? How did you overcome the obstacle?

*Pictures (may be attached on a separate piece of paper)

*Project Story (must be attached on a separate piece of paper)

I your own words, write a summary of the project you completed. Tell what you did, what you learned from the project and how you could have improved your project.
